

1. SPINNING MACHINES

1.1 – PREPARATION LINES

1.1.01.013

Schlumberger GC 15 /GC14 Spinning Set composed by:

NSC Schlumberger autoleveller Chain Gill Model GC/TM.15

10 End Type Table Top Creel , 2 tandem heads, pre draft head with 2 axis rotodiscs, second head 270mm wide Gill Head fallers driven by chains, Automatic Can Change single Delivery 1 silver into 1 Can 1000mm x 1200mm can delivery

Year: 1998 Serial Number: 29945

NSC Schlumberger Chain Gill (Intermediate) Model GC.14 8

End Type Table Top Creel 220mm wide Gill Head Automatic Can Changer Dual Delivery 2 silver into 2 Cans 700mm x 1200mm can delivery

Year: 1991 Serial Number: 27866.

NSC Schlumberger GC15 third passage chain gill

wide head 2x 72 faller bars, linear input speed up to 100m/min, delivery speed up to 400m/min, 8 end can creel, dust cabinet , 4 slivers into 4 cans 500 mm x1200mm can semi autodoff year 1999, serial number 30151

NSC Schlumberger GC15 third passage chain gill

wide head 2x 72 faller bars, linear input speed up to 100m/min, delivery speed up to 400m/min, 8 end can creel, dust cabinet , 4 slivers into 4 cans 500 mm x1200mm can semi autodoff . year 1999, serial number 30150

1.1.01.014

Schlumberger GC 15 Spinning Set composed by:

NSC Schlumberger autoleveller Chain Gill Model GC/TM.15

10 End Type Table Top Creel , 2 tandem heads, pre draft head with 2 axis rotodiscs, second head 270mm wide Gill Head fallers driven by chains, Automatic Can Change single Delivery 1 silver into 1 Can 1000mm x 1200mm can delivery

Year: 1998 Serial Number: 29944

NSC Schlumberger Chain Gill (Finisher) Model GC/TM.15

8 End Type Table Top Creel – Short Type, 2 tandem heads, pre draft head with 2 axis rotodiscs, second head 270mm wide Gill Head fallers driven by chains, Automatic Can Changer Quad Delivery 4 silver into 4 Cans 500mm x 1200mm can delivery

Year: 1998 Serial Number: 30127

1. SPINNING MACHINES

1.1 – PREPARATION LINES

1.1.01.015

Cognetex rebreaker , type SMC 400 11b

with 32 end ball creel, 5 roller breaking zone, Cognetex gill head ,
single ball autodoff delivery, spray device.
year 1990, serial number 37765

1.1.01.016

NSC Schlumberger breaking machine model GC 13 R5L10

5 roller breaking zone, Gc 13 chain gill head, delivery speed up to
400m/min, input load up to 2 x500 ktex, installed power 19kw,
table top can creel delivery 1 sliver 1 can 1000 x 1200 auto can
doff.
year 1989, serial number 26835
