

3.1 – TEXTURIZING MACHINES

2.3.01.001

No. 1 Giudici TG 30 F/BA friction texturizing machine

y.o.c. 1995

78 positions double density (156 fused)

Double heaters - Automatic doffing - Air jets Temco

Take-up on tube 290 mm 2 ends –

max diam. 280 mm- max weight Kg. 7,0

Creel

for polyester, PP and nylon 6 - 6.6 yarns - count 10 - 300 Den

FULLY OVERHAULED ON 2012

2.3.01.002

No. 1 Giudici TG 30 F/BA friction texturizing machine

y.o.c. 1999

54 positions double density (108 fused)

Double heaters - Automatic doffing - Air jets Temco

Take-up on tube 290 mm 2 ends –

max diam. 280 mm- max weight Kg. 7,0

Creel

for polyester, PP and nylon 6 - 6.6 yarns - count 10 - 300 Den

FULLY OVERHAULED ON 2012

2.3.01.005

No. 3 RPR 3 SDY/2 friction texturizing machines

y.o.c. 1996 – 1997

each machine with:

144 spindles each

Qualifil quality control unit.

Temco Spindles

1 feeding/guiding disk in chromed hardened stainless steel

6 ceramic disks, 1 chromed hardened stainless steel disk. 6mm disks thickness, diam. 42.

Oiling device for antistatic.

Take up for 10" tube, tube diam. 50/70mm

Adjustment possibility for run and for crossing corner.

2.3.02.008

Barmag Air Texturizing machine model AM-4

Yoc 1992

12 positions – count from DTex 200 to DTex 2000

2.3.02.009

No. 3 Eltex Air Texturizing machines model ATN 15983

Yoc 1993

28 positions – count from DTex 200 to DTex 2250

2.3.02.010

Eltex Air Texturizing machine model RMT-D 2735

Yoc 1998

12 positions with all components **without heater**
count from DTex 200 to DTex 2000

2.3.01.011

Barmag texturizing machine model FK6-1000V

y.o.c. 2006

240 spindles

Machine is still running in the mill.
